Military Service : Exempt

OBJECTIVE

Experienced in building dynamic, responsive web applications with React.js, Next.js, and TypeScript. Skilled in Redux for state management and familiar with back-end technologies like Node.js and MongoDB. Strong foundation in HTML5, CSS3, and responsive design using TailwindCSS and Bootstrap. Passionate about creating clean, maintainable code in collaborative environments.

EXPERIENCE

Frontend Developer

Sep 2024 – Present

Heeiz (Full-Time, Remote)

Role

- Developed a multi-tenancy system allowing clients to customize their e-commerce platforms by choosing from a range of pre-designed themes through mobile application.
- Implemented dynamic theme switching based on subdomains (x.heeiz.com), providing a personalized design for each client.
- Built language-specific theme support for both **English** and **Arabic**, ensuring a seamless user experience across both languages.
- Worked with **Next.js** to optimize performance using SSR and static generation, and integrated **Next-Intl** for language translations.
- Utilized **Tailwind CSS** and **ShadCN** to create responsive and customizable UI components.
- Applied **Framer Motion** for smooth animations and **React Swiper** for interactive carousel components.
- Worked remotely with the team to provide innovative, scalable solutions tailored to client needs.

Technologies & Tools: Next.js, React.js, Tailwind CSS, ShadCN, Axios, Framer Motion, Next-Intl, React Swiper.

Information Technology Institute (ITI) - Mansoura Branch

May 2024 - Oct 2024

Intensive Training Program (ITP) - Full stack using MEARN

Projects

E-Learning platform (Graduation Project)

Collaborated with my team on the development of an interactive e-learning platform that streamlines online course delivery for students, teachers, admins, and parents.

Role: Front-end Developer

- Courses Display Page with advanced filtering and responsive layouts.
- Course and Lesson Detail Pages to showcase multimedia content while restricting access to non-purchased courses.
- Designed and implemented the Course Purchase Flow, ensuring smooth and secure enrollment.
- Added Rating and Review Functionality, enabling students to provide feedback on completed courses.
- Created Quiz Pages with navigation and a Quiz Review Page to provide students with detailed feedback.
- Ensured restricted access to course content for unauthorized users, enhancing platform security and user experience.

Technologies & Tools: React.js, Redux Toolkit, React Hook Form, Axios, React Query, Tailwind CSS, Material-UI

Multi-sector E-commerce

- Admin: The Admin manages the entire platform.
- Seller: They can list products, manage inventory, track orders, and interact with customers.
- Client: Clients browse products, add items to their cart, and make purchases.

Technologies: HTML,CSS JavaScript,Bootstrap, localStorage

PROJECTS

Be Baby Shop 2 (E-commerce for kids clothes)

Apr 2024

- Add Items to cart
- Change qauntity when adding
- Preview product before adding it
- Selct color and size
- Change price according to selected size

Technologies & Tools: Typescript, Next.js, React.js, Axios, TailwindCSS, clerk, and shadCN

Jotion (Notion clone)

Dec 2023

- Users can create, write notes, and upload images to new pages.
- Pages can be removed to the trash and restored later if needed.
- Users can delete tasks permanently or restore them from the trash.
- Users can add or remove pages from their favorites.
- Secure login and authentication powered by Clerk.
- Explore more features via the demo link.

Technologies & Tools: Next.js, React.js, TailwindCSS, Blocknote, Convex, Clerk, ShadCN

Wzaker (Muslim app)

Mar 2024

- Play Quranic verses in audio format.
- Display a random verse with its audio.
- Add verses to favorites with audio.
- Display detailed information about Surah and Ayah names.
- Provide Morning and Evening Azkar in Arabic for daily prayers.

Technologies & Tools: React.js, TailwindCSS, react-router, Quran API

SKILLS

- JavaScript (ES5/ES6) & TypeScript
 - JavaScript Frameworks & Libraries: React.JS, Next.JS, jQuery
 - State Management: Redux, Redux Toolkit
 - HTML5, CSS3
 - Responsive Web Design
 - CSS Frameworks: Bootstrap, TailwindCSS
- CSS Preprocessors: SASS
 - UI Libraries: Material-UI, ShadCN
 - Data Fetching: Axios, Fetch API, React Query
 - Version Control: Git, GitHub
 - Back-End Knowledge: Node.JS, Express.JS
 - Databases: MongoDB

EDUCATION

Mansoura University — Bachelor of Science
Major: Chemistry and Zoology
Graduation Year: 2023

CERTIFICATIONS

- Career Essentials in Software Development by Microsoft and LinkedIn** LinkedIn learning
- Meta Introduction to Front-End Development** Coursera
- Database Fundamentals** MaharaTech - ITIMOoca
- JavaScript Certificate** Hacker Rank
- Meta React.JS** Coursera
- EF SET English Certificate** EF SET

LANGUAGE

Arabic: Native
English: B2 Upper-Intermediate
